

# Live Streamed Service FAQ

*By worshipping with us during a live-streamed service you are consenting to take part in a recorded service that will be shared on Christ Church online platforms.*

## **What does "live streaming" a service mean?**

- We have a hardwired camera in the back of the nave that can capture the service in real-time and streams online through our Youtube page for people to watch from anywhere on a device with internet.

## **What Service is live streamed?**

- The 10:15 a.m. Eucharist service will be live streamed weekly.
- Additional live streamed services may take place during holidays, special services, celebrations, baptisms, feast days, etc.

## **Is there a non-live streamed service?**

- Yes, the 8 a.m. Eucharist service will not be live streamed.

## **Where is the camera located?**

- The camera, which is lovingly named Eve (from the movie Wall-E), is in the rear of the nave above the baptismal font, to the left of the stained glass.

## Will I Be Seen on Camera?

- Maybe, and if so, briefly. Most likely the back of your head. The majority of the service focuses on the altar, lectern, and pulpit. There are occasional wide-shots of the full nave including 1. Procession, 2. Passing of the Peace, and 3. Postlude Procession
- Those who sit in the first rows may have the back or top of their head in some of the closer shots of the altar and lectern.

## Will I Be Seen Receiving Communion?

- No, the camera is positioned elsewhere while the congregation receives communion.

## Are There Places in the Nave Where I Am Not Seen?

- The Gospel side nook to the left of the pulpit is completely out of view of any camera shots. If you do not want to be on camera at all, please sit here.
- The last 2 back rows on the left are not visible in our typical Eucharist service. However, if there is a baptism or part of the service taking place at the baptismal font at the rear of the nave, then those pews are in view.

**Visible** - Backs of heads and occasional wide shots on the camera

**Mostly Off Camera** - Minimal top or back of head

**Off Camera** - Out of any of our typical Eucharist service camera angles
